CAREER OBJECTIVE

Searching for a Web Developer position that prioritizes graphical design and compatibility among media while encouraging creative thinking and problem-solving. Dubbed "The JavaScript Wizard" While in Moringa School, I have dedicated my professional career to the development of Full Stack applications through JavaScript and supporting technologies.

WORK EXPERIENCE

Jr. Web Developer

Moringa School

May 2021 - November 2021 / Nairobi, Kenya

- Developed user interfaces with modern JavaScript frameworks, HTML5, and CSS3, React, Bootstrap and Angular which improved user satisfaction
- Created accessible, responsive, and functional user interfaces to allow visitors on any device to have the same perfect user experience.
- Designed, developed and modified software systems and custom components.
- Developed code following common security practices and development design patterns.
- Wrote functionality for user interfaces, backend processing, connectivity, and relational database interactions.
- Develop and manage well-functioning databases and applications.
- Build the front-end of applications through appealing visual design.
